

OUR COMMITMENT FOR MAXIMIZING EXAM AUTHENTICITY AND CONTINUITY

ABOUT THE CLIENT

The company is an American pharmacy benefit manager and healthcare provider, incorporated in accordance with the provisions of the Indian Companies Act, 1956. It serves employers, government agencies, health plans, life science companies, care providers and individuals and families offering products in data and analytics, pharmacy care services, health care operations and delivery, population health management and advisory services.

The company's aim is to create a world where every person has equal access to affordable, quality health care — when and where they want it — is the goal. It is partnering to expand access and close gaps in care, one individual and community at a time. The company is delivering comprehensive experiences that place people at the center of their care.

PROBLEM STATEMENT

The company used to hire manually – from scheduling the entire hiring process to pen & paper assessments for the candidates, delayed evaluations, and physical face-to-face screening. There were two major requirements of the company:

- They wished to shift the recruitment process from offline to online
- They wanted quicker evaluations and a faster hiring process
