OUR COMMITMENT FOR MAXIMIZING EXAM AUTHENTICITY AND CONTINUITY

Wheebox
Measuring World's Talent and Skill Potential

ABOUT THE CLIENT

The client is the University/Board that offers technical education to students in Uttar Pradesh, India. It was set up in May 1958. The board offers around 60 courses of one-, two-, three-, and four-year durations across different disciplines. There are over 30 trades offered in group A, such as Computer Science, IT, Mechanical, Electrical, Electronics, Automobile, and Civil. The functions of the board are – declaring the exam schedule, organizing semester exams, and declaring their results. Other functions include affiliating institutions, prescribing their standards of building, and equipment.

There are more than 80 colleges affiliated with BTEUP that offer courses in group A. Other groups offer courses in Textiles, Home Science, Agriculture, and others. As of January 2019 there were over 800 institutes affiliated to the Board, many of them being government Polytechnics.

PROBLEM STATEMENT

As a part of digitizing education & exams during the Pandemic, and also as an initiative towards digitizing India, the Board wished to conduct Online Semester Exams in its affiliated colleges for Polytechnic Students and Diploma holders across all years & branches.

There were four major requirements of the Board:

- They wished to conduct Online Remote Proctored Examination
- They wished to conduct all MCQ-based exams
- They wanted the exams to be Bilingual
- They wished to conduct exams both on Mobile and Laptop/Desktop

ABOUT US

Wheebox brings powerful and customizable solutions in time to help deliver any type of online examination certified by CERT-In (National Agency for Cyber Security), for application security, that helps educational organizations identify & build cost-effective online examinations with higher accuracy enabling them to conduct the desired online examinations.

SOLUTION

Wheebox planned and organized the Pre-Exam, During-Exam and Post-Exam activities for the Board. Wheebox helped the Board conduct remote proctored online semester exams on laptop & mobile both, with features including face tracking, face recognition, and object detection for over 16 Lac Students.

PROCESS

- Wheebox extensively customized the online exam platform
- Wheebox shared the Wheebox excel formats for Content, Registration data, and Datesheet in which university is required to share the data
- Wheebox helped the Board with registration of students and face training initially
- Wheebox aligned a separate dedicated team in the Board campus for uploading content, creating test, quality check for the exam and registering candidates headed by Wheebox technical spoc
- Wheebox provided a team for real-time tech support to candidates via IVR and Support email
